Dear Sir/Madam,

RE: INTRODUCTORY COVER LETTER

Vazguard protection services (VPS) Limited was established in 2011 and has forged its success on exceptional customer service delivery, across key corporations within a wide range of sectors, including, manufacturing, retail, hospitality, and private premises.

At Vazguard protection services (VPS) Limited, we will work in close co-operation with you and your staff; allowing a professional service that best serves your unique and individual security needs. Our company values, integrity, teamwork, commitment to excellence and continuous improvement, were carefully chosen from the framework for our commitment to outstanding customer service.

We have made significant investments in technology to ensure both our internal and external processes deliver outstanding customer service and real time information. VPS management maintains a hands-on approach, which is not only proactive but also effective.

We are members of protective Security Industry Associations (PSIA).

We are approved to provide radio coverage (VHF) plus alarm installation at radius of 50 KM.

It is out of pressing market needs for various security services that the company was established as model Security Company in response to growing need of specialized services.

At Vazguard protection services (VPS) Limited, we will add value to your company, by providing you more than a deterrent, we will provide that first impression and customer service, that will set you ahead of your competition.

At Vazguard protection services (VPS) Limited, we took an initiative of taking insurance cover to ensure that both our security officers are protected at work through WIBA and our contract sites (Assignments)/Clients are also covered through contractual insurance cover by AAR Insurance CO.

To ensure our security officers are motivated and have peace of mind while on duty and in line with our values and promises, Vazguard protection services (VPS) Limited took the initiative of ensuring that all are paid by 7th of every month and in line with government regulations of minimum wage.

SERVICES; The night patrols and desk security services that you see every day are only one piece of the process. With our highly advanced reporting and communication systems, you will know exactly, what is going on in your facility (at the touch of a button) whether you are on site or at home, or on the road. We not only deliver physical security; we provide peace of mind.

We at Vazguard protection services (VPS) Limited are pleased to take this opportunity to introduce you to our full range of security services cutting across all market segments.

Kindly take a minute out of your busy schedule and have a look at some of the variety of ways we can help secure & protect your human and financial investment.

Amongst others Vazguard protection services (VPS) Limited provides the following;

- ▮ Guards, Static and Access Control
- ▮ Events Management
